- Chapter 13 – Rotary Shampoo (175 – 300 RPM)
- Chapter 14 – Shampoo Triple Head
- Chapter 15 – Counter Rotating Brush Systems (CRB)
- Chapter 16 – LMCCA White Paper

Low Moisture Cleaning In the world of carpet cleaning, there remains a systemic debate...more water or less water. Technologies are changing rapidly as advances in chemicals and equipment race forward. As these technologies present themselves, it is in our best interest to keep ourselves educated about them and the carpets that we are cleaning.
